Office of the Commissioner of Public Lands
P.O. Box 1148

Public Notice is hereby given pursuant to New Mexico Law 1929, Chapter 125, Section B, as amended, and rules and regulations of the State Land Office, that the Commissioner of Public Lands will hold a sale of oil and gas leases at Morgan Hall, Edward J. Lopez State Land Office Building, Santa Fe, New Mexico, at 9:30 a.m., on March 19, 2013 for the tracts of land herein described. The sale will be held and conducted in accordance with the following terms and conditions:

No bids will be considered for less than the whole of any tract, nor for less than the specified minimum acceptable bid. Separate bids must be made for each tract, and a separate remittance made for each bid.

Sealed bids must be plainly marked, "Oil and Gas Sealed Bid" on the outside of the envelope, along with the date and hour to be opened. Sealed bids may be submitted by mail or otherwise to the Commissioner of Public Lands. All bids submitted will be opened at 9:30 a.m. for the Regular Sale, and at the specified time for the Special Sale on said date. The lease will be awarded to the highest bidder, if the offer made is deemed to be satisfactory.

Sealed bids must be on the proper form issued by the New Mexico State Land Office, complete, and notarized, and must be accompanied by a check, money order, or certified check drawn on a solvent bank. This payment must include the amount bid, plus the application fee of \$30.00.

Each tract on which no sealed bid is received in the Special Sale may then be offered for oral bidding at the public auction, and awarded to the highest bidder.

The successful bidder in every case of oral bidding will be required to deposit forthwith, in cash or by check, money order or certified check drawn on a solvent bank, the amount bid, plus the application fee of \$30.00, and to file application in due form before the close of business on said date.

The applications received pursuant hereto will be deemed to have been filed simultaneously. In all cases, leases will be made on the specified Lease Form as set forth in the Sale Notice. Application forms will be furnished upon request. Form 0-00 (formerly No. OG-57) Bid Application, is applicable to all Lease Forms advertised in this Sale Notice.

Filling out the Bid Application Form

This guide follows the blanks on the Bid Application Form from top to bottom.

OGRID No. Enter your OGRID number here. If you do not have one, contact Paulette Lucero-Romero at (505) 827-5714 or plucero@slo.state.nm.us.

Name of legal entity or personal name – This is the name in which the lease will be issued; it will be the lessee of record. This can be the name of a company or of an individual.

Mailing address – This is the address of the potential leaseholder.

The following five blanks require information that you find in the SLO monthly Oil and Gas Lease Sale Notice. The information describes the tract on which you are bidding: the name of the county in which it lies, the tract number in the sale, the legal land description, whether it is in the regular sale or a special sale, and how many acres the tract contains.

The amount of dollars that you enter in the next blank is your bid. Notice that your first year's rental is included in your bid. Your bid on a 320-acre tract may be \$10,000; if the rental rate on that tract is \$1/acre, we will apply \$320 of your \$10,000 to the first year's rental.

The amount of dollars that you enter in the "Total remittance" blank is your bid plus the \$30.00 application fee. In the above example, you would remit \$10,030.

Name of applicant or agent – This blank is for the printed name of either the applicant or the agent of the applicant.

Signature – The form must be signed in the presence of a notary public. The signature here is of the person named in the previous, "printed name" blank.

Acknowledgment section – Your notary public will complete the remainder of the form.

Remember that the bid application and your remittance must be in the Accounting office of the State Land Office before 9:30 a.m. the day of the oil and gas lease sale.

July 25, 2012

Dear representatives of the oil and gas industry:

As you may be aware, on March 2, 2012, I signed a Candidate Conservation Agreement with Assurances (CCAA) with the United States Fish and Wildlife Service (USFWS) and the Center of Excellence for Hazardous Material Management (CEHMM). The USFWS cited this and similar agreements between industry and the federal government as being instrumental in its June 2012 decision not to list the Dunes Sagebrush Lizard (DSL) under the Endangered Species Act.

This agreement, the result of years of work with the oil and gas industry, the agricultural community, and the Bureau of Land Management, will protect the health of our natural world while ensuring economic activity that supports communities, universities, hospitals and our other beneficiary institutions while helping keep our taxes down. It represents the largest such accord in the nation -- more than 247,000 acres.

Participation in the CCAA virtually assures that oil and gas activity can continue in areas inhabited by the Lesser Prairie Chicken (LPC) and/or the DSL while meeting conservation objectives for these two species.

In the case of an Endangered Species Act listing in the absence of a CCAA, oil and gas development in the species' range would likely be severely delayed by the requisite USFWS consultation process.

The CCAA¹ agreement is available for your review at the State Land Office website www.nmstatelands.org/ConservationAgreement.aspx. Also available on this page are a habitat map and other information concerning the agreement that may be of interest to you.

I encourage all leaseholders and operators to enroll and participate fully in this voluntary program. By agreeing to conduct certain conservation measures the

¹ The CCAA may also be referred to in Oil and Gas Sale Notices as "Subject to 3/2012 Conservation Agreement" due to system restrictions on the length of footnotes.

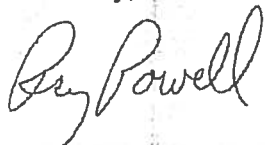

USFWS provides regulatory certainty (assurances) concerning land use restrictions that might otherwise apply should the LPC or DSL become listed in the future as threatened or endangered species.

An example of the measures required under the CCAA includes: a requirement that power lines be buried within two miles of LPC lek sites, active at least once in the past five years, or within one mile of historic LPC lek sites. Other requirements include providing escape ramps for open water sources, minimizing surface disturbances, and avoiding DSL habitat.

The health of our state lands and the success of our oil and gas industry are of prime importance to New Mexicans. This agreement helps ensure the future of both.

Please do not hesitate to contact me or my office with any questions or concerns you may have.

Sincerely,

A handwritten signature in cursive script that reads "Ray Powell". The signature is written in black ink and is positioned below the word "Sincerely,".
