**STATE OF NEW MEXICO  
OIL AND GAS LEASE  
SALE NOTICE**

## **PUBLIC NOTICE SALE OF OIL AND GAS LEASES**

Office of the Commissioner of Public Lands  
P.O. Box 1148  
Santa Fe, New Mexico 87504-1148

---

Public Notice is hereby given pursuant to New Mexico Law 1929, Chapter 125, Section B, as amended, and rules and regulations of the State Land Office, that the Commissioner of Public Lands will hold a sale of oil and gas leases on 16 July 2024, for the tracts of land herein described.

The sale will be held online in sealed bidding format. The sealed bid portion will close at 8:30 am MDT on July 16th. Bidding will commence one week prior to lease sale day.

The sale will be held and conducted in accordance with the following terms and conditions:

The online auction will be conducted by the State Land Office contract auction house, EnergyNet. To view the online tract listing go to [www.energynet.com](http://www.energynet.com). Prospective bidders must register with EnergyNet at [https://www.energynet.com/govt\\_listing.pl](https://www.energynet.com/govt_listing.pl) and abide by the terms and conditions therein.

**Prior to development, use, or occupation of the lease area, an oil and gas lessee must have a sufficient bond on file with the State Land Office.**

No bids will be considered for less than the whole of any tract, nor for less than the specified minimum acceptable bid. Separate bids must be made for each tract. Leases will be awarded to the highest bidder, if the offer made is deemed to be satisfactory.

The successful bidder in every case of bidding will be required to deposit forthwith, the amount bid, plus the application fee of \$100.00, plus the minimum initial charge for any lease pursuant to 19.2.100.15 NMAC and to file application in due form before the close of business on said date. The successful bidder in online bidding will be required to make the deposit via electronic fund transfer, as specified on the EnergyNet auction site.

The applications received pursuant hereto will be deemed to have been filed simultaneously. In all cases, leases will be made on the specified Lease Form as set forth in the Sale Notice.

The State Land Office makes no warranty as to the conditions of the lands. Lessees must comply with all applicable federal and state laws or regulations.

**THE COMMISSIONER RESERVES THE RIGHT TO REJECT ANY AND ALL BIDS.**

DocuSigned by:

## July Oil & Gas Lease Sale

---

The New Mexico State Land Office Oil & Gas lease sale for July will be held online in sealed bidding format. Online bidding will commence July 9th, 2024, one week prior to the lease sale date. Sealed bidding will close at 8:30 am MDT on July 16th, 2024.

The online auction will be conducted by the State Land Office auction house contractor, EnergyNet. When posted, the online tract listing can be viewed at [www.energynet.com](http://www.energynet.com). Prospective bidders must register with EnergyNet at [https://www.energynet.com/govt\\_listing.pl](https://www.energynet.com/govt_listing.pl) and abide by the terms and conditions therein.

**PAYMENT FOR ALL WINNING ONLINE LEASES SHALL BE MADE THE DAY OF THE SALE, BY WIRE TRANSFER, OR IN-PERSON AT THE NEW MEXICO STATE LAND OFFICE BY CASH, CHECK, MONEY ORDER, CERTIFIED CHECK, OR ELECTRONIC TRANSFER ON A SOLVENT BANK.**

**LATE PAYMENTS WILL BE REJECTED AND NO LEASE WILL BE ISSUED FOR THAT TRACT.**

("The successful bidders shall file proper applications for the leases purchased and shall complete the payment of any balance due on their bids before the closing of the office of the commissioner on the day of the sale." §19-10-17(B) NMSA 1978.)

"Applications" are the lease information sheets as provided by EnergyNet. To verify wire transfer payment, submit copies of the dated wire instructions (sent to your bank) to [amedina@slo.state.nm.us](mailto:amedina@slo.state.nm.us) and [ssandoval@slo.state.nm.us](mailto:ssandoval@slo.state.nm.us) by COB of the State Land Office on the day of the sale. General contact and inquiries should be directed to [amarks@slo.state.nm.us](mailto:amarks@slo.state.nm.us).

When you provide a check as payment, you authorize the State of New Mexico to either use information from your check to make a one-time electronic fund transfer from your account or to process the payment as a check transaction. Please be advised that payments will be drafted from your account immediately upon receipt. All invoices will, pursuant to 19.2.100.15 NMAC, include the minimum initial charge for any lease for minimum rental (which shall be no less than \$100.00 or the annual rental, whichever is greater), plus the application fee, plus the winning bid for the lease tract.

**Prior to development, use, or occupation of the lease area, an oil and gas lessee must have a sufficient bond on file with the State Land Office.**

E: SUBJECT TO 3/2012 CONSERVATION AGREEMENT

## **POLICY ON COMMUNICATIONS REGARDING OIL & GAS LEASE SALE NOMINATIONS**

---

Because the listing of oil & gas lease tracts to be offered for bid is neither finalized nor public prior to publication, the State Land Office will not provide notification of whether submitted or internal nominations will be included in a lease sale prior to publication. Notification of inclusion will be the form of the published lease sale listing.

Acknowledgement of receipt of nominations does not constitute a notification that such nominations will or will not be included in a lease sale.

To nominate, submit a location description of the nominated tract to [amarks@slo.state.nm.us](mailto:amarks@slo.state.nm.us) and [pczoski@slo.state.nm.us](mailto:pczoski@slo.state.nm.us). To be considered for an upcoming month's lease sale, nominations must be submitted as early as possible. If a tract is not included in the following month's lease sale, the nomination will be rolled over to the next available month's lease sale. Lease sales are held the third Tuesday of each month.

If a nominated tract is included in a lease sale, the nominator must ensure that at least a minimum bid is submitted for the nominated tract. If no minimum bid is submitted, future nominations may not be accepted.

## **Cultural Properties Protection Rule**

---

The State Land Office has adopted a new administrative rule, the Cultural Properties Protection Rule (19.2.24 NMAC) to protect cultural properties on state trust lands, which took effect on December 1, 2022. The purpose of the new Rule is to proactively identify archaeological sites and other cultural properties on state trust lands and protect them before they are damaged. The Rule requires lessees of state trust lands to conduct informational reviews and cultural resource surveys before engaging in new surface disturbing activities.

The Rule provides for important exceptions, including repairs and maintenance of existing improvements, and for surface disturbing activities that are located entirely within an area of pre-existing disturbance (for example, a new well drilled within the confines of an extant well pad, or remediation and reclamation of a contaminated well pad).

The State Land Office's recently launched Cultural Resources Office will manage implementation of the Rule, along with the agency's leasing divisions. The text of the new Rule is available on the State Land Office's website at <https://www.nmstatelands.org/culturalproperties/>. For questions about the Rule including what steps lessees need to take and at what stage of the leasing process in order to be in compliance with the Rule, please contact [croinfo@slo.state.nm.us](mailto:croinfo@slo.state.nm.us).

## CONSERVATION EASEMENTS (CCAA)

---

In 2012, the New Mexico State Land Office entered into a Candidate Conservation Agreement with Assurances (CCAA) with the United States Fish and Wildlife Service (USFWS) and the Center of Excellence for Hazardous Material Management (CEHMM). The agreement was expanded in 2014.

The Purpose of the CCAA is to provide protections for the Lesser Prairie Chicken and Dunes Sagebrush Lizard, while allowing industry activities to continue on State Lands. There are now 404,000 acres of State Lands enrolled in the program.

By enrolling State Lands, the New Mexico State Land Office has provided for program eligibility for lease holders on these lands. Enrolled lands are marked on the oil & gas lease sale tract listing with a footnote.

This is a voluntary program entered into by industry through CEHMM and is still open for entry for new leases despite the recent listing of the LPC as endangered. Information on the program can be found at the CEHMM website: [www.cehmm.org/ccaccaa](http://www.cehmm.org/ccaccaa)

## **CULTURAL RESOURCE PROTECTION**

---

All oil & gas or mineral leases, assigns, and operators conducting drilling, production, injection, or related operations on State Trust Lands should be aware that it is a criminal offense for any person to knowingly excavate, injure, or destroy cultural property located on State Land [§ 18-6-9, NMSA 1978]. Applicants and lessees should exercise due cation to ensure that cultural properties are not inadvertently excavated, injured, or destroyed by any person. A cultural resource survey prior to any surface disturbing activity may assist in site identification and avoidance of criminal liability associated with disturbance or destruction of sites. Should any activity reveal suspected cultural property, the activity should cease until a site evaluation is made. For further information, please contact the New Mexico State Land Office Cultural Resources Office at 505-827-5781.

# **CALICHE PITS ON OIL & GAS LEASES**

---

## **FROM SLO MINERALS RULE 5:**

### **19.2.5.11 USE OF NECESSARILY DISTURBED CALICHE FROM OIL AND GAS LEASE ACREAGE.**

The commissioner shall make no charge for caliche necessarily moved within roadbed or within the perimeter of a specific well pad while in the process of developing oil and natural gas under a state oil and gas lease, subject to the following conditions.

- A. Only caliche derived from the cellar and reserve pit or cut and fill, which is necessarily disturbed in the process of building an access road and/or that oil and gas well location, may be used without charge.
- B. Caliche necessarily distributed during construction must remain within the boundaries of the oil and gas lease. If excess caliche exists from a necessary disturbance, that caliche may only be moved from that location to another well site within the lease once an operator or lessee of record obtains a permit and compensates the commissioner pursuant to the terms of a community caliche pit permit.
- C. Only caliche excavated during cut and fill construction of a well pad or roads built to 19.2.20 NMAC standards will be considered necessarily disturbed.
- D. [5/14/99; 19.2.5.11 NMAC – Rn, 19 NMAC 3. SLO 5.11 09/30/02]
