

Stephanie Garcia Richard, Commissioner of Public Lands
State of New Mexico

LUERA MOUNTAINS BACKPACKING PERMIT APPLICATION

I. INSTRUCTIONS

To apply for a Backpacking Permit please **READ THIS CAREFULLY!**

Complete the application form below. Incomplete applications will be denied. Only holders of a New Mexico Department of Game and Fish (NMDGF) license for hunting within GMU 16 are eligible to apply for a Backpacking Permit.

Complete applications should be emailed to Huntermppermitt@nmslo.gov

Please submit application at least ten (10) calendar days in advance of period of use. If submitting by USPS, please mail your application at least seventeen (17) calendar days in advance of period of use.

The policy regulating Luera Mountains Backpacking Permit is available online here: https://bit.ly/SLO_Hunt_Info. Check the box below to indicate you have read and agree to abide by the Luera Mountains Backpacking Policy.

I have read and will comply with the policy and applicable rules:

II. APPLICANT INFORMATION (ALL FIELDS MUST BE COMPLETED)

NAME (First M. Last): _____

ADDRESS: _____

CITY, STATE, ZIP: _____

PHONE NUMBER: _____

EMAIL ADDRESS: _____

DATE OF BIRTH: _____

DRIVER'S LICENSE NUMBER & STATE OF ISSUANCE: _____

VEHICLE MAKE / MODEL: _____

LICENSE PLATE #: _____

EMERGENCY CONTACT PHONE NUMBER: _____

Approved backpacking areas are shown on the map provided online along with the application and the Luera Mountains Backpacking Policy.

IV. TERMS AND CONDITIONS

Applicant is responsible for compliance with the terms and conditions of this Permit and the current NMDGF Easement. New Mexico State Land Office Hunting Information is found here: https://bit.ly/SLO_Hunt_Info. Applicant understands that approval of this application and issuance of any permit is subject to the discretion of the Commissioner of Public Lands. Applicant has read and will comply with the conditions described in the current hunting proclamation related to State Trust Land. Applicant understands that any violation of these terms and conditions may result in the denial of access to State Trust Land and other appropriate legal action. Violations of applicable statutes or rules could also result in referral to NMDGF or the local district attorney for enforcement.

A. A Permit is only valid in the possession of Permittee and shall become invalid if possessed by anyone other than the Permittee.

B. The commission of a prohibited activity by any person who gained access to State Trust Land pursuant to this Permit shall render the Permit cancelled immediately, and shall constitute grounds for the Commissioner to deny access to any such person.

C. It is the Permittee's responsibility to know their location at all times and where permitted activities are allowed and which lands are closed to these activities.

D. If Permittee encounters an unlocked gate, the Permittee must ensure the gate is closed after passing through, even if it was found open.

E. Motorized vehicle (and any mechanical form of transportation) access is permitted via public highways and roads only (as defined by Section 67-2-1 NMSA 1978).

F. Permittee must properly dispose of waste.

i “Pack it In, Pack it Out” – Permittees must “leave no trace” of their visit to State Trust Land. Trash **MUST** be packed out and disposed of properly. Permittee will be required to protect State Trust Land from environmental degradation. All trash must be hauled out of State Trust Land, not buried or burned. For more information on Leave No Trace visit, <https://lnt.org/why/7-principles/>

ii Properly dispose of human waste.

- Dig a hole (or ‘cat hole’) 6 to 8 inches deep and at least 300 feet from any water source to bury human waste;
- Remove used toilet paper from State Trust Land; and
- Sanitary portable toilet systems are acceptable provided all waste is removed from the area and disposed of properly.

G. Campfire Policy:

1. Campfires are prohibited except as currently permitted by the New Mexico State Forester. Campfires are only permitted in designated camping areas or dispersed camping areas with a current and valid NM hunting license. The Commissioner reserves the right to impose restrictions more limiting, as warranted, than those from the State Forester. It is the hunter’s responsibility to obtain current information and to comply with any restrictions in place. Information is available at <https://www.emnrd.nm.gov/sfd/>, <http://www.nmfireinfo.com/fire-restrictions/> or by calling the Fire Restrictions Hotline at 1-877-864-6985. Should the Commissioner impose additional restrictions, they will be posted online at www.nmstatelands.org.
2. If campfire restrictions are not in place, campers must still take care to prevent forest fires. This includes, but is not limited to:
 - i. never leaving a campfire or other heat source unattended and ensuring campfires are dead out and cold to the touch before leaving the area. Use the “drown, stir and feel” method: drown the fire with water, then stir around the fire area with your shovel to wet any remaining embers and ash;
 - ii. having a shovel and water available;
 - iii. maintaining a distance of five feet cleared to bare soil and free of any overhead flammable materials in all directions around the campfire; and
 - iv. keeping your campfire small.
3. The use of a propane fire pit or fire pan or other device with a spark arrestor is encouraged. Campers may pack in fire wood or may use downed wood but may not cut standing trees, even if those trees are dead. If campers observe a fire that has spread out

of control, whether or not they started that fire, they must immediately call 911 and then report the fire to the NMSLO.

H. Permittee will be required to accommodate and avoid interference with the activities of other authorized users of the same State Trust Land. Permittee must be prepared to make the Permit immediately available for inspection by other authorized lessees of State Trust Land, law enforcement officials (including Department of Game and Fish staff), or State Land Office personnel.

I. Permittee understands that this Permit is issued as part of a pilot program. Permittee agrees to complete a brief survey, if asked, after use of the Permit to assist the NMSLO in program assessment.

J. Permittee agrees that Permittee and those accompanying the Permittee shall not engage in PROHIBITED ACTIVITIES, including, but not limited to, the following:

1. Disturbing, dislodging, damaging, destroying or removing native plants, standing timber wood products, flowers, growing crops, or any other plant life other than pinon nuts gathered non-commercially;
2. disturbing, dislodging, damaging, defacing, destroying or removing historical, archaeological, paleontological or cultural sites, or artifacts;
3. disturbing, dislodging, defacing, damaging or destroying any improvement, fixture, item, object, or thing placed or located in, under, or upon the land;
4. driving off of established roads;
5. bringing unrestrained (unleashed) animals to state trust lands;
6. discarding refuse, waste, or litter of any kind;
7. igniting fireworks;
8. conducting any type of commercial operation;
9. violating any applicable law, statute, regulation, ordinance, or rule;
10. fishing or hunting without a valid New Mexico license;
11. trapping;
12. mineral exploration, development, or mining, or collecting valuable rocks or minerals; and
13. interfering with the authorized activities of other land users.

K. ACKNOWLEDGEMENT

Permittee acknowledges that Permittee and those accompanying the Permittee are aware of the terms and conditions as set forth herein and agree to abide by them. PERMITTEE FURTHER AGREES THAT ENTRY ON STATE TRUST LAND BY PERMITTEE AND THOSE IN THE COMPANY OF PERMITTEE SHALL BE SOLELY AT THE RISK OF PERMITTEE.

Neither the Commissioner nor the Commissioner's other lessees/grantees extend to Permittee any assurance that state lands are safe for access or assume responsibility or liability for any injury or damage to Permittee or those in Permittee's company incurred while on state lands. Permittee agrees to assume all liability for claims, losses or damages alleged to arise out of or indirectly connected with the activities on state lands of Permittee and those in the company of Permittee. Permittee further agrees to save, hold harmless, indemnify and defend from liability for all such claims, losses or damages lessees of state land, Commissioner and Commissioner's agents and employees in their official and individual capacities. Permittee acknowledges that failure to comply with the requirements of this Permit, including but not limited to the restrictions on campfires, may subject Permittee to civil or criminal penalties.

I certify under penalty of law that I have read and understand the information contained in this application, and agree to abide by the terms of the Backpacking Policy and all applicable laws and rules.
