RE: Automatic Expiration of State Oil and Gas Lease No. VC0821-0000

To Whom It May Concern:

Notice is given that State Oil and Gas Lease Number VC0821, Assignment Number 0000, dated 12/01/2020, has automatically expired by its own terms.

Oil and Gas leases are issued for a period of five(5) or ten(10) years and assignments therefrom take the same terms and conditions as set forth in the original contract. Consequently, these expire after running their full term, unless extended by production or by the formal, timely invocation of saving clauses available within certain contracts. State Land Office records have been updated to reflect the action taken. This action will become non-appealable unless you initiate a contest proceeding within thirty (30) days from the date of this letter (NMAC 19.2.15).

Notice is also given that if any assignments or other instruments of transfer of royalties in the lease production have been recorded in the office of the county clerk wherein these lands are situated, the holders of such instruments must see that they are released from record as required by law. (Sections 70-1-1 through 70-1-5, NMSA, 1978 {1995 Repl. Pamph.}).

Notice is further given that the Commissioner of Public Lands will look to you, as lessee of record at the State Land Office, for reimbursement to the State for any production from the premises formerly leased to you that occurs after lease expiration as a consequence of your failure to notify working interest owners of lease termination; such production will be in trespass and subject to 8/8ths royalty forfeiture to the State Land Office. You should, therefore, immediately notify in writing all holders of working interests in the lease that the lease has expired effective 12/01/2025.

Lastly, please note, pursuant to 19.2.100.67 NMAC, lessees have reclamation obligations. Upon expiration of this lease, you must contact the State Land Office to receive the appropriate authorization to re-enter the formerly leased area. Reclamation obligations, along with all other obligations which may have existed under the lease, continue until satisfied.

If you should need additional information, please contact Rubel Salazar at (505) 827-5730.

RE: Automatic Expiration of State Oil and Gas Lease No. L04496

To Whom I May Concern:

Notice is given that State Oil and Gas Lease Number L04496, Assignment Number 0002, originally dated 05/19/1970, has automatically expired by its own terms.

Oil and Gas leases are issued for a period of five (5) or ten (10) years and assignments therefrom take the same terms and conditions as set forth in the original contract. Consequently, these expire after running their full term, unless extended by production or timely drilling operations.

Notice is also given that if any assignments or other instruments of transfer of royalties in the lease production have been recorded in the office of the county clerk wherein these lands are situated, the holders of such instruments must see that they are released from record as required by law. (Sections 70-1-1 through 70-1-5, NMSA, 1978 {1995 Repl. Pamp.})

Notice is further given that the Commissioner of Public Lands will look to you, as lessee of record at the State Land Office, for reimbursement to the State for any production from the premises formerly leased to you that occurs after lease expiration as a consequence of your failure to notify working interest owners of lease termination, and also for full compliance with the remediation and reclamation requirements set forth in New Mexico State Land Office Rule 19.2.100.67. You should immediately notify in writing all holders of working interests in the lease that the lease has expired effective 12/16/2025.

If you have any questions or if we may be of further help, please contact Rubel Salazar at (505)-827-5730.

Respectfully, Gregory B. Bloom

Assistant Commissioner of Mineral Resources
